

BURGEON LAW - ENABLING INDIA'S INNOVATION ECONOMY

The current era of rapid technological change and innovation is presenting both challenges and opportunities for entrepreneurs and businesses. Today's enterprising young people are pushing the limits of feasibility, technology, and innovation to create new ventures and pursue their dreams in fields that were not even imaginable a decade ago.

Roma Priya is the founder of Burgeon Law – a prominent entrepreneur and lawyer who is making waves in the legal industry in India. Her firm Burgeon Law, a multi-service legal services firm, is dedicated and committed to supporting start-up ventures, investors, and business innovators in India to reach their full potential ("Firm"). Her work in the innovation economy as one of the leading and specialized lawyers in India has garnered her recognition as one of Asia Legal Business India's super 50 Lawyers of 2022 and as a notable female entrepreneur by Business World Disrupt in 2021.

Roma's passion for businesses and entrepreneurship led her to create a legal consultative arm that supports companies and offers guidance throughout their entire lifecycle, from their early foundation stage to their growth stage and beyond. Burgeon Law has been founded with the goal of being a catalyst in the innovation economy and helping businesses and investors navigate the complex world of technology and finance.

Under her leadership, Burgeon Law has become a well-respected, reliable and a trusted legal advisor for new Indian business tycoons, companies, investors and other related stakeholders. The Firm has been ranked as the #1 advisory firm by the Venture Intelligence League Table 2022 (by number of deals) report and has consistently been among the top 3 firms in India in the Venture Capital, Private Equity sector for a long time now. The Firm has been recognized as a Top Law Firm by Forbes India in the Legal Powerlist for 2020 and subsequently in 2021. Additionally, Burgeon Law has garnered several accolades such as, being recognized as a notable law firm by Asialaw Profiles 2022, ALB Asia M&A Rankings 2022, and International Financial Law Review 1000 Asia Pacific rankings 2022.

Roma believes that clients today require a hands-on and practical approach and feels that it is important for lawyers to upskill themselves on business and financial fronts to be able to provide better services to the clients. Burgeon Law derives the inspiration for its name from the word "burgeoning", meaning growth, which reflects her belief in the importance of growth

in the business ecosystem. Her Firm's ultimate goal is to partner with its clients and drive a culture of ideas that translate into successful growth stories.

In addition to her legal work, Roma is also an advocate of education and upskilling, particularly for women entrepreneurs in India. She is a mentor to many young entrepreneurs and regularly delivers masterclasses and workshops to government-supported institutions and private institutions. She is also currently penning down a book with a notable publisher to demystify the legal nuances that typically first-time founders find difficult to understand, to avoid common pitfalls and navigate their business in a safe harbor.

India is now a global hub for the startup ecosystem and Roma aspires to point the country's young and talented population towards digitization which is a major factor in this potential growth. As per market reports, by 2027, India's economy is expected to rank third in the

world, and by the end of the decade, its stock market is expected to rank third. It is expected that economic growth will be more robust, equity participation will rise, citizens will hold more financial sway, and this is a positive indication of where the future of India is headed.

At last, she adds that, the center of excellence is the country's most comprehensive technology and innovation ecosystem. The performance of the Indian startup ecosystem in the years to come will prove the resilience and dedication being put by multiple startups across segments. The firm has grown immensely and positioned itself as a vital contributor to the growth of India's digital economy and Roma, with her passion for entrepreneurship, her innovative approach to law, and her commitment to education and upskilling, is making a significant impact in the Indian startup ecosystem.
