

ON A WARM blustery Saturday morning on February 25, close to a hundred golfers descended at the picturesque Boulder Hills Golf & Country Club for the invite-only Hyderabad edition of *BT Golf 2022-23* presented by Royal Ranthambore. Considered as one of the most difficult courses in the country, it is surrounded by the Indian School of Business, Infosys, Microsoft and a coterie of world-class technology companies. In the next few hours, the who's who of the corporate world from the City of Pearls showcased their skills with the club and the putter to deliver a competitive performance that left everyone in attendance asking for more.

Finally, after hours of toiling hard to keep their scores ahead of their fellow players, Pihoo Chauhan emerged as the winner in the ladies category, while Madhav Kota and Praveen K. Pula won
