

CHALLENGES, THE FUTURE

Shilpa Urhekar, National Head-Domestic, Sterling and Wilson

The 'Scripting a Renewable Future' Summit held in New Delhi on February 10, 2023, saw stakeholders from the renewable energy ecosystem participate in lively discussions about the future of the sector. Presented by *BT* in collaboration with Sterling and Wilson Renewable Energy, the event saw participation from government officials, independent power producers (IPPs), original equipment manufacturers (OEMs), financial institutions, investors, C-suite executives and other key industry players. The discussions explored how stakeholders in the industry can collaborate, reset and re-direct their efforts to make India self-sufficient in clean energy, and emerge as a global leader. Edited excerpts:
