22 | PHOTOGRAPHIK

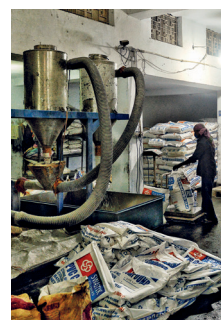

Gearing Up

After nearly three years of pain, India's automotive industry is slowly picking up pace

24 | POINT

A New India in the Making

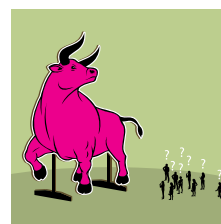

No more just the back office of the world, India has grown to offer a lot to the world and it is still growing

28 | THE BUZZ

Subdued

After a warm Q2, the BT-C Fore Business Confidence Index for Q3 has cooled again, falling twice in the past four quarters

38 | ANIMAL SPIRITS

Big, but not Whole

India could become an economic superpower by 2047. Yet, China's experience should teach us that size isn't everything
