Conquering Newer Horizons

Skill Development Institute Guwahati

*Powering the youth...
Trailblazing success...*

INDIA'S rapid economic growth has led to a huge demand for vocational skills across traditional as well as new and emerging sectors. To usher in further positive socio-economic impact, there is a need to ensure this growth is inclusive. And the main objective of inclusive growth is to accelerate growth, provide productive employment for the growing labour force and bridge the gaps in skill availability and skill needs.

Oil & Gas sector in India is among the six core industries having significant forward & backward linkages with the entire economy. India has been growing at a seamless rate annually and is committed to accelerate the growth momentum in the years to come. This anticipated business growth in the sector would lead to an increase in energy needs and requirement of skilled manpower in the country. Hence, there is an immediate need for generating a pool of skilled workforce to conduit the industry manpower need.

In line with National Skill Development Mission of Govt. Of India, Ministry of Petroleum and Natural Gas, Government of India had taken a unique initiative of setting up about six Skill Development Institutes (SDIs) in different parts of the country namely Kochi (Kerala), Visakhapatnam (Andhra Pradesh), Bhubaneswar (Odisha), Guwahati (Assam), Ahmedabad (Gujarat) and Raebareilly (Uttar Pradesh) established by BPCL, HPCL, IOCL, OIL, ONGC and GAIL respectively. The primary focus of SDIs is to impart skill development training in various employable sectors including oil & gas.

Oil India Limited set up its Skill Development Institute, Guwahati (SDIG) as a society in the year 2017 under the Society Registration Act XXI of 1860 to cater to the skill needs of the youths in the North-

Eastern region and enhance their employability in hydrocarbon and other Sectors.

Till date the institute has adopted National Council of Vocational Training (NCVT) /State Council of Vocational Training (SCVT) and National Skills qualifications Framework (NSQF)/ Sector Skill Council (SSC) approved courses.

SDIG was dedicated to the Nation on 8th December 2017 by Shri Dharmendra Pradhan, the then Union Minister for Petroleum & Natural Gas and Skill Development & Entrepreneurship. Its main campus is located at North Guwahati with Extension Centres spread across different parts of Guwahati to conduct training courses for primarily High School pass outs who are unable to further their education due to various socio-economic challenges.

Ever since its inception in 2017- 18, the SDIG has trained 3686 youths in 16 different trades with a placement record of more than 80 %.

These trades are : (1) Industrial Welder (2) Industrial Electrician (3) Hospitality Stewardship (4) Certificate course in Machine Operation (5) Certificate course in CNC Turning (6) Certificate course in Pipe Fitting and Rigger (7) Certificate course in CNC Milling (8) Emergency Medical Technician (9) Pipe Fitter (Oil & Gas) (10) General Duty Assistant (11) General Duty Assistant (Advanced) (12) Sewing Machine Operator (13) Technical Intern Training Programme (TITP) (14) Hospital Front Office Desk (15) Automotive Service Technician (16) Coffee Brewmaster.

Trainee youths come from far-flung regions of the North-East and are successfully placed in Northern,

Western, Southern and North-Eastern regions of India. The trainees have also been placed abroad in Hospitality sector including Cruise Ships.

The most prestigious training programme under SDIG has been the Technical Intern Training Programme (TITP), which is under the Health Sector and envisages placement of Care-Givers at Nursing and Old Age Homes in Japan, to take care of their elderly population. This has been highly appreciated by the Hon'ble Ambassador of Japan to India, Dr Satoshi Suzuki, when he visited SDIG on 3rd March 2020.

The entire Training Programmes of SDIG are completely free for the students including boarding, lodging and medical facilities. Travel expenses to place of posting is also paid by the SDIG to the trainees. There has been a host of success stories and the beneficiaries have been both the community and the industries.

In a nutshell, the establishment of Skill Development Institute Guwahati has enhanced the stature and goodwill of OIL, supporting organizations and provided mega employment potential to the youths in the North-Eastern region.

YEAR	TRAINED	PLACED
2017-18	60	41
