

Moving Ahead Amid Cutting-Edge Competition.

Under the Leadership of our mentor Mr. Moses Christian Udaiyan, our organization is moving ahead in this cutting-edge competition. Mr. Moses, with his principled business policy, brilliant managerial skills, profound knowledge, and vast experience, help us to cater to the demands of customers.

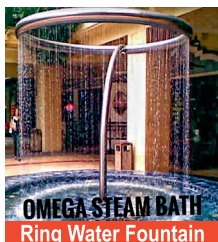

A steam bath machine can have many physical and mental health benefits. These steamers for bathrooms were initially only available in gyms and healing centres. However, now you can install a steam bath machine for your home to relax after a long and tiring day.

Omega whirlpools bring wellness into your home with great style and panache. Their jets project water in a flowing, circular motion, which offers a wide array of health benefits, including relaxation, improved blood circulation and sore muscle and joint relief. Whatever you desire, whether hot or cold water massages, long relaxing soaks or even chromo therapy, a Omega whirlpool can give it all. Easy to use manual or remote functions flawlessly switch water modes for your benefit.

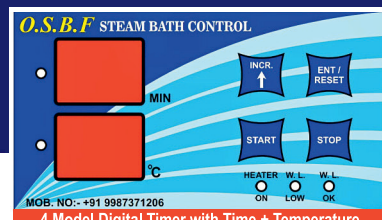

An indoor sauna heats up to temperatures from 145°F to 190°F. Home sauna's wooden interiors and temperature controls allow you to find that sweet spot. To enrich your experience in a sauna room, add rocks as heating elements. When water pours over these heated rocks, the steam amplifies your

relaxing experience. Perspiration or sweating is one of the main ways our bodies get rid of toxins that accumulate inside us. 15 minutes in a sauna can help us sweat as much as otherwise do over an entire day or more.

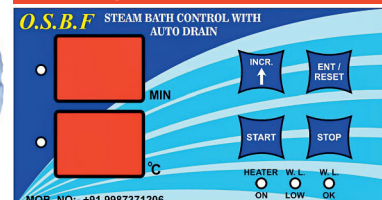

We Omega Steam Bath & Fabrication are manufacturing and trading of high-quality Steam Bath Equipment Since 2007. Our offered products range consists of Sauna Rooms, Water Fountain, and Water Curtain. These products are well known due to their high performance, low maintenance, strong construction, lightweight and long service life. Also, we are offering Lathe Machine and SS Tube Fabrication Job Work service to our valued clients. We are a client oriented firm and engaged in offering best products to the customers. All our products are widely appreciated for durability and long service life. To achieve utmost customer satisfaction, we work hard and meet the
