

LALIT BOKADIA: THE STEEL MAN

It would be very easy to state that Moxy Steel Impex is a Leading Manufacturer and Stockist of piping products for the Oil, Gas, Petrochemical and Nuclear Industries. It does much more than that.

Lalit Bokadia has envisaged a different role and path for his company. A thorough marketing professional, he has built an edifice of excellence that prides itself as a Solution Provider to customers. They are the perfect Turnkey partner for a company, helping, advising and delivering value to the project at every stage.

For starters, Moxy Steel Impex is a highly acclaimed manufacturer and supplier of all ferrous and non-ferrous metal products like Pipes, Tubes, Flanges, Butt welded Pipe Fittings, Forged Fittings, Tube Fittings, Sheets, Plates & Coils, Bars, Fasteners etc. The company has carved an unparalleled position in the industry by making relentless efforts to cater to the clients with premium quality pipes, tubes and fitting components. They are well placed to address the needs of the client with Quality Products backed by an unflinching service oriented team. Their in-house infrastructure capabilities and the comprehensive stock of raw material and finished products ensure that the client's demand is always met.

The ebullient Bokadia believes in staying close to customers. He says, "It is crucial for our continued development to stay close to our customers who provide us with essential market and product feedback. Only by listening to our customers will we be able to keep living up to the

market expectations of today and tomorrow".

Moxy Steel Impex specializes in Supply of industrial raw material to core sectors like Chemicals, Petrochemicals, pharmaceuticals, Refineries, Fertilizers, Cement, Breweries, Distilleries, Sugar and biochemical. They are also big in the edible oil and the food industry. A vital reason for its growing market share has however been its reputation as a reliable supplier undertaking the delivery of materials on a complete turnkey project management basis.

Moxy Steel Impex has been active in the importing and marketing of stainless steel since decades. It carries the widest range of stainless steel product in India under one roof. Its vast experience in working with the world's leading manufacturers, combined with its purchasing power, enables Moxy Steel Impex to offer extremely competitive prices. It also supplies a wide variety of special metals apart from stainless steel, like titanium, aluminium and nickel alloys.

What is valued even more by customers about Moxy Steel Impex is the combination of cost-effective rates, customised solutions, customized packaging, customer-focused approach, easy payment modes, good financial position and TQM, superior quality products, timely planned schedules and delivery of products, experience

and speciality in work that Bokadia delivers.

As Bokadia says, "The remarkable expansion and success of our company can be attributed to the twin pillars of brand recognition and brand acceptance - and being responsive to the perceptions and perspectives shared by customers, which enables us to meet present and future market expectations". He should know. He has been able to gain enormous client appreciation by maintaining a superb product quality and following the practice of transparent dealings.

Bokadia's team helps customers develop their energy resources; bringing world class capability and delivering it locally. They align themselves to customer's needs, deliver more value and enhance the returns.

The company is deeply entrenched in the industry, with more than twenty years of association with the leading companies in each sector. With a professional team of highly skilled, qualified and dedicated personnel backed by the latest technology and equipment, Bokadia has the best to offer to his customers.

Bokadia is backing his clients to the hilt. They indeed have an enthusiastic partner in progress.
