

RINGING CASH REGISTERS

The top two titles in the list of Hindi chartbusters are occupied by dubbed versions of south Indian films. *Dangal*—the only original Hindi film to have crossed the ₹350-crore mark—is a distant third

BEHIND THE SCREENS

The south Indian film market is expected to be worth ₹6,050 crore by the end of 2022, growing at a CAGR of 13 per cent

South India accounts for 55 per cent of the movies released in India and 62 per cent of the box office contribution in 2021

The five southern states account for 47 per cent of the country's estimated 8,000 cinema screens

Language-wise, the highest number of feature films are now produced in Telugu. The states of Andhra Pradesh and Telangana have the most cinema theatres per capita in the country
