THE GRIND

Is the domestic market enough to sustain demand for your company's products?

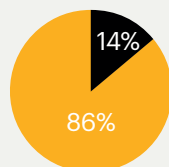

■ Yes ■ No ■ Can't say

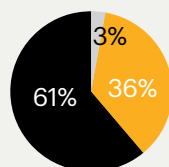

Is the depreciating rupee hurting your business?

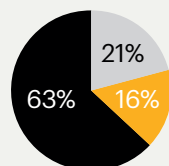

Are input costs rising for your business?

Is your business seeing growth rates comparable to pre-pandemic rates?

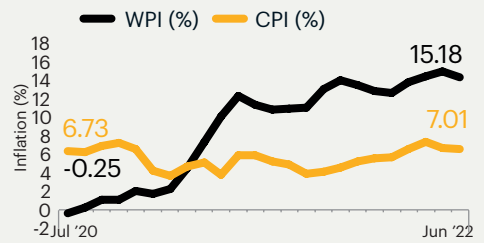

Are the government and RBI doing enough to curb inflation?

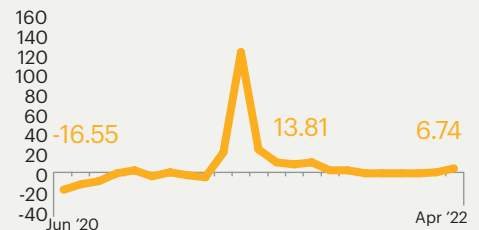

Source: The BT-C Fore Business Confidence Survey conducted between March 30 and April 12, 2022, of 500 CEOs or CFOs representing various industries and company sizes across Delhi, Mumbai, Chennai, Hyderabad, Bengaluru, Kolkata, Chandigarh, Lucknow, Nagpur, Kochi, Visakhapatnam and Bhubaneswar

MIXED SIGNALS

Inflation, both wholesale and retail, seems to be moderating

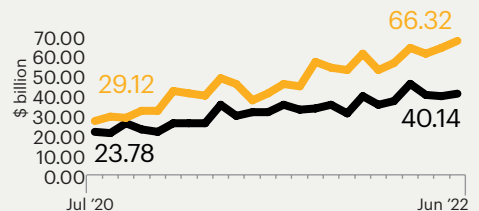

Industrial production (IIP), too, has recovered in the past couple of months

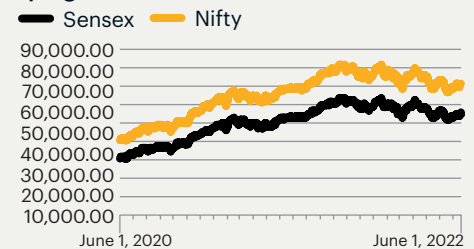

In a press release, NSO has stated that it would not be appropriate to compare the IIP of April and May 2020 with indices of earlier months

The trade deficit is widening

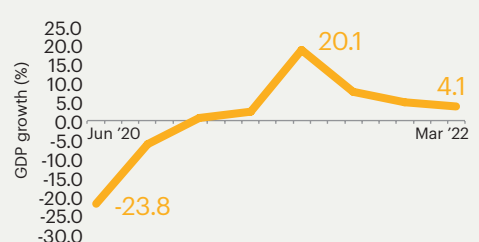

■ Exports (\$ billion) ■ Imports (\$ billion)

Stock markets are beginning to move up again

But GDP growth is sliding again after rising over FY22
