

RUBAN MEMORIAL HOSPITALS : BIHAR'S BEST HEALTHCARE ORGANIZATION

People who have risen from the very bottom of the society are the ones that know the exact situation that prevails at the grass root levels. But the ones that return back to their roots, to improve the situation and make a difference there, are the true game changers. Bringing the best of healthcare to Bihar and making it accessible to a large set of people is a challenge that only true heroes would take up.

Ruban Memorial Hospital can simply be called a story of one man's deepest desire to give back to society. Dr. Satyajit Singh's motivation to come home and establish a multispecialty and superspecialty hospital after spending decades abroad resonates with his strong sense of belonging to Bihar and its needy people. The journey of Ruban Group started with the return of Dr. Satyajit Singh from England after 17 years, to start a lithotripsy centre with 2 beds in 1996. At that time, it was the first such facility in Bihar & Jharkhand. Growing by leaps and bounds, it had performed the first Kidney transplant in Bihar by 2010.

By 2014, Ruban Memorial Hospital had grown into a multi-specialty hospital located in a bigger premises boasting of a state of art ICU / CCU unit with 55 beds, cardiology & CTVS with Cath laboratory, Orthopaedics including arthroscopic & arthroplasty, Neurology & Neurosurgery including spinal surgery, Otolaryngology, plastic and reconstructive surgery, Respiratory, Gastroenterology department as well as Medical and Surgical Oncology apart from a full range of Urology including advanced laparoscopic facilities supporting surgical procedures in urology and nephrology covering the entire gamut from advanced Haemodialysis to Kidney transplant. It also has a well-equipped

emergency ward with 15 beds to manage all sorts of trauma and medical & surgical emergencies.

By 2019, they had started a 50 bed hospital for Women and Children, offering the most modern Neonatology, Paediatric ICU General Paediatrics, Paediatric surgery with the provision of a sound proof labour room. Collaborating with the best of centres of excellence Ruban Memorial Hospitals has launched a Hepato-pancreatic-biliary unit with provision for Liver transplant. Future plans include introduction of Robotic surgery, creation of a world class Spinal Centre with a robust Rehabilitation facility set in a sprawling 20 acres campus with teaching colleges.

The Ruban group is today the largest hospital in Bihar and Jharkhand. It is NABH & NABL accredited while the teaching facilities are recognized by the National Board for Examination for post graduate teaching. It is an empanelled healthcare facility for all government agencies including CGHS, ECHS & CAPF and is registered with all Third party Agencies for medical insurance.

Dr. Satyajit Singh is widely known as a social & peace activist associated with several organizations. As the Vice President of the Kolkata based Medical Service Centre, he is very actively involved in the debate & discussion on health policies, medical & paramedical

educational issues. He is also the Vice President of Indian Doctors for Peace & Development (IDPD). Affiliated to two International Nobel Peace winning Organisations – International Physicians for the Prevention of Nuclear War (IPPNW) and International Campaign to Abolish Nuclear Weapons (ICAN). Dr. Singh had the privilege of attending the 2018 Nobel Peace Prize ceremony at Oslo as an invitee.

He presented his work on adverse effects on the health status of Jaduguda Uranium mines workers at IPPNW conferences at Helsinki & Hiroshima. His work has been documented as a film by a prominent TV channel.

That apart, Dr. Singh is also active in restoring the activities of the Sitaram Ashram near Patna, be it Sanskrit education, Ayurvedic clinic or the welfare activities for farmers. He advocates that every educated person must contribute in social development apart from progressing in his or her professional life and providing a good life to their family. He is well supported by Dr. Bibha Singh, Dr. Sanjit Singh and Avijit Singh. Dr. Sanjit Singh is a chip of the old block, sharing the same humane values of his parents.

With a well earned tag line of "बिहार का अपना अस्पताल", the family has strived to create a huge institution that inspires faith, trust and hope in millions.
