

Sophisticated Simplicity

PERFECT VIDEO COLLABORATION

Confused, embarrassed, awkward... These are not the feelings that should be associated with your video collaboration meeting.

Crestron Flex device can be used in any room of any size, where it merges unified communication, room scheduling, wireless presentation and device management.

- Provides a single interface for Microsoft Teams and Zoom Rooms
- Ideal for Bring Your Own Device (BYOD) conferencing environments
- Crestron Flex's work-from-anywhere solution answers the challenges of hybrid work spaces

Because its not about Technology, Its about YOU

Microsoft Teams

BYOD
