emphasis on providing a seamless experience. That's my focus."

"Jio could do some disruption in terms of technology or exploiting the synergy within the group," says Ajit Kabi, Banking Analyst at broking firm LKP Securities. The targeted market of JFS, smaller cities and towns, is also on the radar of established banks such

as HDFC Bank and ICICI Bank. Lending is a highly leveraged business. Mahesh Shukla, CEO and Founder of PayMe India, an NBFC, says it is essential to consistently secure capital at a low cost while monitoring for any decline in asset quality. "Collection is a matter of customer service, as it is important to treat customers

with respect and not be overly aggressive," says Shukla.

In the MSME segment, market players have historically faced high non-performing assets or NPAs. "When the cycle changes, it is all about collection," says a private banker.
