Smart homes and smarter living with GM

Introducing the GM i-Fi Pro wi-fi switch, a smart technology of the internet age. With i-Fi switches you can control your lights, blinds, fans and other appliances from wherever you are with just a tablet or a smartphone through the GM connect app.

SWITCH TO A BETTER WORLD

Home automation solutions

Relax. That is all we
want to say.

You don't have to decide between design and comfort! The new Wi-Fi switches offer you both.

Ergonomically correct and technologically innovative switches that function only to bring you ease.
