► **Sunset Cinema Club** is all about immersive cinema experiences that help one break away from the conventional movie-watching experience of a theatre. It screens both commercial and cult movies in settings such as drive-in cinemas, rooftops, micro-breweries, venues by the beach, bars, hotels, amphitheatres, etc. In addition to its own IPs, it organises shows for corporates and clubs, and does private screenings as well. It works with venues—across Mumbai, Bengaluru, Delhi-NCR, Pune and Lucknow—to add a new layer to the movie-watching experience, be it in terms of F&B, ambience or just a resemblance to the storyline or characters of the film being screened.
