

States Industrial Policy 2019-24 is pivotal in building an economically self-reliant new Chhattisgarh that has the mettle to use its potential and natural resources in an optimal manner

Ranked among the top six states of the country in terms of 'Ease of Doing Business', Chhattisgarh boasts of:

- Good governance, stable labour environment, skilled manpower and pathbreaking initiatives and policies to propel business growth;
- An abundance of minerals with over 28 varieties of minerals including diamonds. It is ranked highest in coal, tin and dolomite production. Chhattisgarh is the only state in India that produces tin concentrates;
- Chhattisgarh is a power surplus state with its Korba district known as the Power Capital of India. Its massive coal reserves account for major power generation. Significantly low electricity tariff makes it ideal for high power consuming industries like cement, aluminium, iron;
- Centrally located Chhattisgarh is stationed in the seismically safest zone of the Indian subcontinent. This state has access to a potential market across seven bordering states;
- Reduced Land lease rates and conversion of land allotted in industrial areas from lease hold to free hold attracts new investors and creates job

opportunities;

- Electronic marketing platform - E-Manec is being operated to bring transparency in government's procurement-related works while saving time, money and energy;
- Provision of an allocated budget for development of three smart cities—Raipur, Naya Raipur and Bilaspur.

Multiple schemes have been launched by the Government that create a conducive environment for start-up eco-system.

Major Industrial Areas, Special Economic Zones (SEZs), upcoming Industrial Infrastructure Projects, electric vehicle manufacturing unit, Mega Food Parks, Trade centres are receiving special impetus to foster Chhattisgarh as a business power.

Also known as the 'rice bowl' of India, efforts are being made by the Chief Minister to seek permission from the Central Government to allow Chhattisgarh state to produce ethanol from paddy.

1715 new industries have been established in Chhattisgarh in the last three years, wherein Rs 19 thousand 500 crores have been invested and as many

as 33000 people have been provided employment. Moreover, 149 MoU have been signed, under which Rs 74 thousand crores will be invested and 90 thousand people will get employment.

The Chief Ministers vision of Nava Chhattisgarh to new heights has led to a flourishing rural economy and overall progressive state. Provision has been made to provide industrial investment incentive for the 16 services, under MSME Service Category.

Core sectors in Chhattisgarh such as Steel & Allied, Agribusiness and food processing, Automotive, Defence, Electronics, Engineering, Handicraft, Healthcare, IT/ITeS, Logistics and warehousing, Minor forest produce, New & Renewable Energy, Pharmaceuticals etc. are attracting investors and providing employment to a large number of people.

Naturally blessed with nature, Chhattisgarh is a budding tourist sector. It is known for its temples, spiritual centres and spectacular waterfalls such as the Chitrakoot Falls.

With a favourable environment for industry, trade and commerce, Chief Ministers' vision of 'Nava Chhattisgarh' is full of possibilities and opportunities.
