

SHRINKING PIE

Foreign banks' share in total loans has declined to 3.9 per cent in 2021 from 7 per cent in 2004

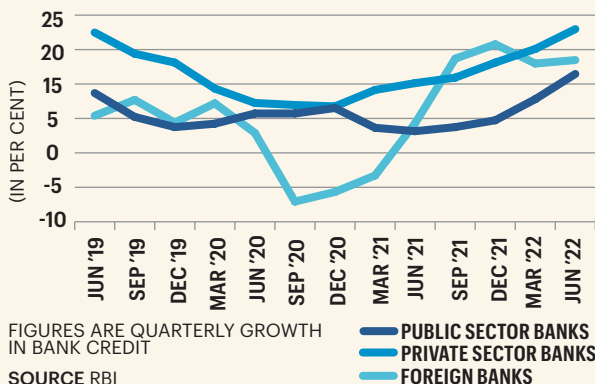

THE DEPOSITS STORY

Over the past few quarters, deposit growth at foreign banks has remained largely flat

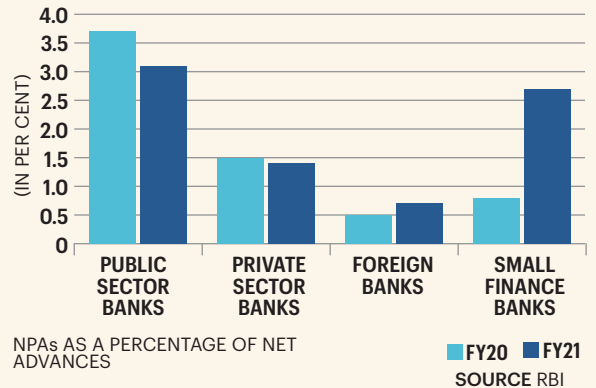

ROBUST CREDIT GROWTH

In terms of bank credit growth, foreign lenders have shown a smart surge over the past several quarters

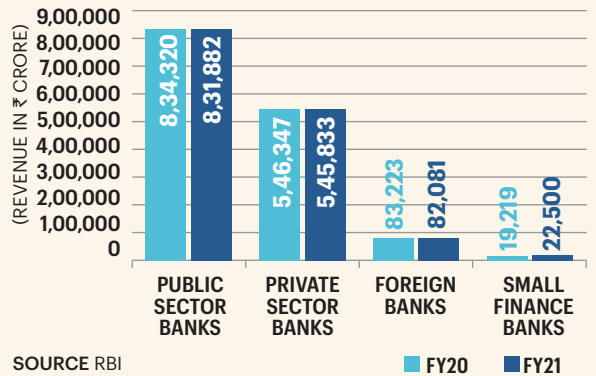

CONTRASTING FORTUNES

Net NPAs of foreign banks are the lowest compared to the other categories of banks

STAYING FLAT

Revenues of banks—PSBs, private and foreign—have not changed much in FY21

PROFITS ARE BACK

Net profit of all banks—PSBs, private, foreign and small finance—grew in FY21
