

**SONY
WH-1000XM5**

₹34,990

Get this pair if you love both music and silence

SILENCE IS BLISS

Given your frenetic schedule, a moment of tranquillity is priceless. Get silence on demand with Sony's XM5, with industry-leading active noise cancellation (ANC). Comfortable to wear for longer durations, these headphones use eight microphones and two processors to cut down ambient sounds. Want to hear that announcement? Just cover the right ear cup. Besides ANC, these cans have fantastic output, which can be customised using the equaliser settings within the Sony Headphones Connect app. The battery, too, lasts for 30 hours, making it the pair ideal for office, travel or even when at home.

FOR THAT MILLION-DOLLAR SMILE

Love sweets? Don't give oral hygiene a miss this festive season. Make brushing with the iO8 electric toothbrush a part of your routine. The iO8 comes with a host of AI and IoT features that guide you to brush the right way. The round brush head is designed for professional cleaning, and the linear magnetic drive system with gentle micro-vibrations helps with plaque removal. The brush comes with six smart modes—daily clean, sensitive, gum care, intense clean, whitening, and super sensitive. What makes the brush smart is the app that detects the areas where you brushed, and the ones missed.

**FLEXNEST
MESSAGE GUN**

₹4,999

If you want stress relief, this massage gun will do the trick

STRESS BUSTER

Wouldn't it be nice if you could come home to a relaxing massage after a hectic day? Get yourself a personal masseuse with Flexnest's Massage Gun. Although designed for muscle recovery, it can help you relax by releasing stress and tension with smart percussive therapy. The massage gun has four vibration speeds. And using the four attachments, you can massage your hands, legs, ankles, neck and even your back. Compact and lightweight, it's easy to carry around. A single charge using a Type-C cable will get you through eight hours of massage.
