

for 1.51 lakh persons under Innuyir Kaappom Nammai Kaakkum 48 scheme, meant for all persons injured in road accidents within the state are eligible to receive treatment for the first 48 hours at free of cost.

Almost 70 percent of the people of Tamil Nadu are involved in agriculture directly or indirectly. For the welfare of the bread providers, CM Stalin provided crop loan worth Rs.23,127 cr. Crop benefitting 31.53 lakh farmers. Free electricity connection is also provided to 1.50 lakh farmers. To increase cultivation in the Cauvery Delta of the state where paddy is produced requiring abundant water, 5.36 lakh acres comes under the scheme package Kuruvai Cultivation.

To bring in social and developmental semblance in all village panchayats of Tamil Nadu, schemes such as Anaithu Grama Anna Marumalarchi Thittam for improving the overall basic infrastructure facilities in a phased manner was launched at Rs.2, 610 crore. To bring in social equality in the villages, the Periyar ninaivu Samathuvapurams were renovated at a cost of Rs.257 crore and the Mudhalvarin Grama SalaikalMembattuThittam at Rs.4000 crores for roads. For lessening the water woes household tap connections was provided to 79,00, 647 rural houses out of 1,25,51,754.

Other areas of attention include giving impetus to sports development, the Tamil Nadu state government hosted the 44th Chess Olympiad at a cost of Rs.114 crore. Also, Chief Minister's Trophy Competitions was organised incurring a cost of Rs.51 crore. Covering 5, 88,640 new beneficiaries under the pension scheme was an initiative for providing social security.

Dairy development is another focus area under which the price of Aavin Milk has been reduced by Rs.3 per litre and the milk procurement price hiked to Rs.3 per litre. To augment convenience of commuting the transport department has a plan to procure 2,000 new buses and undertake renovation of 1,500 old buses at Rs.1,000 crore.

### **Promoting Industries, Augmenting Investments**

Tamil Nadu, under the leadership of Chief Minister M.K. Stalin, is aiming an ambitious target of becoming a USD 1 trillion economy by 2030 to continue its

crucial role in shaping India's growth. The state aims at attracting investments of around Rs.23 lakh crore and create employment for 46 lakh people. For building a robust industrial ecosystem, the Industries Department organized several investment conclaves and since July 2021 has inked 222 MoUs with a cumulative investment commitment of Rs 2,72,322 crore and creating employment opportunities for 4,09, 651 people. The project investments have been considered across various districts in the State for equitable development.

Taking bold steps to propel industrial growth, CM Stalin brought in many policy reforms such as the Tamil Nadu Ethanol Blending Policy 2023, Tamil Nadu Logistics Policy & Integrated Logistics Plan 2023, Tamil Nadu City Gas Distribution Policy 2023 and an incentive scheme for Textile / Garments investments and inaugurated the Single Window Portal 2.0 and the Mobile App for the Single Window Portal 2.0 ushering in transparency and ease of doing business. The concerted efforts of CM Stalin's government attracted US \$ 3,003 Million (Rs.22,396 crore) in FY 2021-2022 ranking Tamil Nadu as the 4th highest recipient of Foreign Direct Investment (FDI) in the country. In the last two years alone, this southern state attracted US \$ 4,567 million (Rs.34,668 crore) in FDI.

Giving further impetus to industrial development,

the State Industries Promotion Corporation of Tamil Nadu Limited (SIPCOT) has allotted 3,008.49 acres of land to 412 industries and attracted an investment of Rs.42,494.84 crore, thereby providing direct and indirect employment opportunity for about 1,32,037 persons. During this period 5,960 acres of land have been acquired and its possession handed over to SIPCOT, which also acts as a Nodal Agency of Government of Tamil Nadu in the sanction / disbursement of Structured Package of Assistance to large industrial units. Under this scheme, SIPCOT has released Rs.1,956 crore to 33 beneficiary units. Establishing world-class E-Vehicle Park, Medical Devices Park, Leather Park, Furniture Park, Food Park, Future Mobility Park, Mega Textile Park/ Integrated Apparel Park, Ready Built Factory, Plug & Play warehousing Facilities and Electronic Manufacturing Cluster are among the various projects supported by SIPCOT, besides creating an Industrial Eco-System Fund at an estimated cost of Rs.500 crore which will enable building infrastructure facilities for industrial parks, businesses innovation centres, research and development activities, and general facilities.

On 17th April 2023, an MoU was signed in the presence of CM Stalin for setting up a new plant for non leather footwear manufacturing at SIPCOT- Ulundurpet Industrial Park, Kallakurichi District, with an investment of Rs.2302 crores and employment to 20,000 persons in the next 12 years. Another ambitious move by the state government was establishment of three Center of Excellence (CoE) i.e., Tamil Nadu Center of Excellence for Advanced Manufacturing (TANCAM), Tamil Nadu Smart and Advanced Manufacturing Centre (TANSAM) and Tamil Nadu Advance Manufacturing Centre of Excellence (TAMCOE) in collaboration with industry majors Dassault Systems, Siemens and GE Aviation respectively, which would help the MSMEs to adapt to the advanced manufacturing technologies.

To make Tamil Nadu, an emerging Aerospace & Defence Start-up hub, the state government has released the
