

Pushkar Singh Dhami
Chief minister of Uttarakhand

Uttarakhand, famous for its scenic beauty, spiritual significance and adventure sports is known as the “Land of the Gods.” The state’s close proximity to Delhi NCR, two National Industrial Corridors, AmritsarKolkata and Delhi-Mumbai, easy accessibility by rail, road and air to the rest of India has helped attract massive growth in capital investment arising from conducive industrial policies and tax benefits. Under the dynamic and proactive leadership of Chief Minister Pushkar Singh Dhami, Uttarakhand has become one of the fastest-growing states in India. The state’s gross state domestic product (GSDP)* grew at a compound annual growth rate (CAGR) of 11.9% between 2015–16 and 2019–20, which was higher than the national average of 7.5% during the same period. The state has a robust infrastructure with 39,000 km of roads, two domestic airports and 345.23 km of rail networks.

Being a land-locked state, Uttarakhand’s government has placed an emphasis on stimulating agriculture, industry and the service sectors to their optimum potentials and undertaken initiatives to streamline processes and regulations. Uttarakhand has excelled implementing India’s Ease of Doing Business Reforms resulting and has been categorized as an “Achiever” under the 2020 Action Plan for reforms. Policies and incentives to attract investment in tourism, agriculture, horticulture, pharmaceuticals, and the IT sector are being offered by the state government along with well-developed infrastructure, industrial estates and clusters. A single-window clearance system has been set up to streamline the process of obtaining approvals and licenses required for starting a business in the state. With the availability of a skilled workforce, abundant natural resources and tourist attractions, Uttarakhand’s government has been actively supporting startups, leading to the creation of a vibrant startup ecosystem. Startups in the state have received funding from investors, enabling them to scale up operations and expand their reach. Tourism is a major contributor to the state’s economy.

Uttarakhand

a Harbinger of Change with Smart Industrial Policies

To ensure sustainable development, the government has implemented several initiatives such as ecotourism, conservation of the natural environment, adopting waste management, energy conservation, and sustainable transport options such as EVs and bicycles. The involvement of There are two main pillars of building a developed India of the 21st century. Firstly, being proud of our heritage and secondly doing everything possible for development. Today, Uttarakhand is strengthening both these pillars. This decade will be the decade of Uttarakhand.

NARENDRA MODI Prime Minister as EVs and bicycles. The involvement of local communities in tourism activities is helping to generate employment and income opportunities.

FOCUS SECTORS

I. Tourism

Uttarakhand’s government has made tourism a priority area, with a focus on developing infrastructure, promoting sustainable tourism and showcasing the state’s unique cultural and natural attractions. Blessed with a diverse range of landscapes, snowcapped mountains, dense forests and sparkling rivers make Uttarakhand a popular destination for tourists wanting to immerse themselves in nature. Millions of tourists opt for pilgrimage sites like the Char Dham (Yamunotri, Gangotri, Kedarnath, Badrinath), Haridwar and Rishikesh every year, embarking on adventure tourism with trekking routes like the Valley of Flowers and Roopkund trek, camping, river rafting and skiing. Some choose to visit ancient temples or enjoy traditional handicrafts, folk music and dance forms.

II. Wellness and Ayush

The state government is proactively promoting wellness circuits such as Char Dham Yatra, the Himalayan Wellness, and the Spiritual Circuit and Ayush (Ayurveda, Yoga, Unani, Siddha, Homeopathy) This ranges from developing Ayush Village in Rishikesh to have ayurvedic and yoga centers to establishing Ayush University in Dehradun, which offers courses in ayurvedic medicine, yoga and naturopathy

III. Automotive Sector

Uttarakhand views the automotive sector as a key driver of economic growth and job creation. Having access to major automotive markets in the country, a large pool of skilled and semi-skilled workforce, the state government is wooing manufacturers by providing subsidies and incentives. Having set

up specialized industrial parks, special economic zones (SEZ), and a single-window clearance system dedicated to the automotive sector, the state is home to manufacturing units of Tata Motors, Bajaj Auto, Hero MotoCorp, and Mahindra & Mahindra.

IV. Pharmaceutical and Packaging

Uttarakhand has emerged as a hub for the pharmaceuticals and packaging industries, establishing industrial estates and clusters for the pharmaceuticals and packaging sectors, offering tax incentives and streamlining regulatory processes.
