

UTTARAKHAND TO ORGANISE ITS GLOBAL INVESTORS SUMMIT IN OCTOBER 2023

IIE Siliqee, Dehradun, known as the Pharma City, hosts several pharma companies such as India Glycols, Translumina and Suncare Formulation, among others.

V. IT and ITeS

IT and ITeS (information technology enabled services) is a rapidly growing sector that the state government has been actively supporting. Having a large pool of skilled and educated workers, connectivity to the major cities of India and access to international market, the government is developing IT parks, incubation centers and software technology parks in the state while incentivizing investors with tax exemptions, subsidies, financial assistance and high quality of life with good healthcare facilities.

RECENTLY NOTIFIED POLICIES

The Uttarakhand government has notified several important policies of late that are bound to create a positive impact on investments.

I. Logistics Policy

As a land-locked state, Uttarakhand incurs an inherent adverse cost to exporters compared to other states. To develop the logistics sector, the Uttarakhand Logistics Policy 2022 is being promulgated with the intention of extending support to new and existing industries in the field of logistics for integrated development of this sector and reducing logistics costs. This policy encourages manufacturing and employment generation that increases the state's gross domestic product (GDP). In terms of topography and logistics output, the policy objective is building a hubspoke model within the state leading to the development of large logistics connectivity and infrastructure in hubs (districts classified as plains) and prepare medium and small spokes in the remotely connected districts.

- One time assistance upto INR 300,000 for undergoing a pilot project

II. Private Industrial Park Policy

Uttarakhand faces a scarcity of government land in a time of accelerated industrial growth. To create

employment opportunities in the state, the involvement of private parties is required. The state government has promulgated a Private Industrial Park Policy to encourage private-sector participation and designated 49 private industrial estates comprising 3113.30 acres of land and 446.46 acres of land as Special Industrial Areas for 26 megaprojects with an investment of more than 500 million Indian rupees.

The policy objectives are:

- Attracting investment in the state by promoting the establishment of industrial estates in private sector;
- Ensuring availability of industrial plots for industries;
- Developing industrial areas;
- Establishing mini/major industrial estates and area specific parks in the state; and
- Developing planned industrial infrastructure.

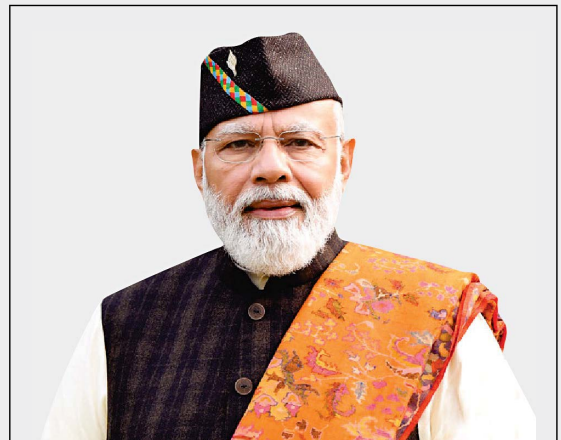

III. Mega Industrial and Investment Policy

Uttarakhand's government promulgated the Mega Industrial and Investment Policy with a view to ease

and simplify policy action to promote industrialization, increase the economic growth rate and create employment opportunities. The policy envisages the following special discounts and concessions:

IV. Startup Policy 2023

Uttarakhand has been making strides in the startup ecosystem in recent years. The Uttarakhand Startup Policy 2023 has been brought into force with an objective to address the need of promoting innovations, entrepreneurship and supporting key stakeholders in the startup ecosystem. The policy is expected to create a culture of innovation and entrepreneurship fueled by creating world-class institutional infrastructure, incubation networks, enabling access Description Support Quantum (INR) Extent of Assistance Setting new incubation centers Up to 10 mn Max 50% of amount proposed be spent Expansion of existing incubation centers Up to 5 mn Max 50% of amount proposed be spent to funds, a business-friendly regulatory Incentives for Incubators environment, employment generation and wealth-creation opportunities across the state. The state government under the able leadership of Chief

Narendra Modi
Prime Minister

There are two main pillars of building a developed India of the 21st century. Firstly, being proud of our heritage and secondly doing everything possible for development. Today, Uttarakhand is strengthening both these pillars. This decade will be the decade of Uttarakhand.

NARENDRA MODI
Prime Minister

Minister Dhama is very approachable and open to exploring new avenues of investment. Besides the above-mentioned policies, it is ready to offer customized incentives for large investments that have substantial impact and boosts the state's economy while generating fresh employment opportunities.

Single-Window Clearance

An Uttarakhand government initiative aimed at providing a simplified, streamlined process for investors to obtain necessary approvals, permits, and licenses required for setting up business in the state. The system is designed to facilitate the investment process and promote ease of doing business. It facilitates investors to submit their applications online, track their status and receive all necessary clearances and approvals through a single point of contact.

This platform facilitates identifying land parcels and connecting land owners with investors where the land owner and buyer can connect with each other after due diligence. Department officials can add available government land details after logging into the portal. The government has formed a statelevel empowered committee headed by the chief secretary for all grievance settlements.
