W

WINNING IS NEVER easy. Especially when you are tasked with leading and growing an organisation through particularly tumultuous times. But that's exactly what the winners of the BT-PwC India's Best CEO awards did and were felicitated for on the evening of April 26, when the who's who of India Inc. descended in Mumbai to celebrate and recognise these exemplary leaders at the BT MindRush event. The programme kicked off with masterclasses by spiritual guru Gaur Gopal Das and Sougata Ray, Professor of Strategy and Entrepreneurship at ISB. Also in attendance were noted dignitaries like Union Minister Jyotiraditya Scindia, along with winners of the awards, such as Tata Sons Chairman N. Chandrasekaran and Nandan Nilekani, Chairman of Infosys, among many others.

The winners shared many nuggets of wisdom from their industries at the various panel discussions that were held throughout the evening. Over the next few pages, we bring you the highlights of the various sessions at the event. **BT**

The winners of the BT-PwC India's Best CEO awards for 2022 with Jyotiraditya Scindia, Union Minister, along with members of the BT leadership team
