

» T.V. Narendran of Tata Steel said India provides a clear growth opportunity as regulatory initiatives such as IBC, among others, have created many inorganic growth opportunities across industries

» Suneeta Reddy of Apollo Hospitals said there was much to do in healthcare as it is estimated that by 2030, India would have to spend \$1 trillion just to battle

non-communicable diseases

» Citing Budget numbers that show investment commitment was to the tune of ₹20 lakh crore in FY22 and ₹37 lakh crore in FY23, SBI's Dinesh Kumar Khara said private sector capex had increased. He further added that private sector commitments in total capex were up to 50 per cent in FY22 and about 65 per cent now

INDIA'S MOMENT

RHI Magnesita
India

» Tata Power's Praveer Sinha said that despite the negative sentiment prevailing in major economies, India is emerging as a clear winner with its vast young population, growing aspirations among consumers and better economic policies

» Agreeing with Sinha, Sajjan Bhajanka of Century Plyboards said that when India's capacity building and productivity is compared to China's, it would take India two decades to reach the point where China is today

» Talking about the avenues that need attention to grow further, S. Suresh of EID Parry said that tech solutions need to be deployed at the farm level to increase the sector's productivity, with more initiatives needed to ensure that farmers receive the benefits of their work

» Shedding light on the dynamic Indian market, Parmod Sagar of RHI Magnesita said that multinational firms are attracted to the country due to growing volumes and increasing margins
