

Under CM Bhupesh Baghel's leadership, Chhattisgarh Achieves New Heights of Development and Prosperity

Shri Bhupesh Baghel
Hon'ble Chief Minister

The rural infrastructure of Chhattisgarh has undergone a complete transformation under the able leadership of Chief Minister Mr. Bhupesh Baghel. He holds the rural and tribal communities of his State close to his heart.

CM Mr. Bhupesh Baghel waived off the loans of the farmers and ensured that they get fair price for their produce. Further, tribal people connected with the water, forest and land were given forest rights lease and community forest resources rights. In addition to this, PESA law was tightly enforced in Scheduled Areas. Suraji Gaon Yojna has been started to ensure the participation of farmers and people in the economy of the State. Chhattisgarh is the only State of the country which is giving subsidy to farmers growing Kodo, Kutki and Ragi crops under the Rajiv Gandhi Kisan Nyay Yojna. Under the Godhan Nyay Yojna, Vermicompost is being produced and cow urine is being procured.

People of the State are getting government documents delivered directly to their homes under the Mukhyamantri Mitan Yojna. Sick people are getting generic medicines at cheaper rates from Shri Dhanvantri Generic Medical Stores. Farmers of the State are happy and satisfied paddy is being purchased under the Minimum Support Price (MSP) scheme. Furthermore, the Rajiv Gandhi Kisan Nyay Yojna has successfully reinvigorated the farming sector, bringing back a significant number of farmers who had previously abandoned farming.
