

From Classroom to Boardroom: JIS BBA Program Sets New Standards in Management Education

FOCUS
EDUCATION

In today's rapidly evolving global economy, the demand for competent and visionary leaders has never been greater. The largest education conglomerate in eastern India, the JIS Group offers undergraduate and postgraduate programs in management including MBA, BBA, and PhD programs under the umbrella of JIS University, JISCE, NIT, GNIT, GNIPST, and AEC.

The JIS B-Schools are accredited by the National Board of Accreditation (NBA), the Association of Management Consulting Firms in India (AMCHAM), the Association of Indian Management Schools (AIMS), and the Association of Commonwealth Universities (ACU). In 2023, the BBA programs in different JIS colleges have recorded a significant increase in the number of applicants. Let's delve deeper and understand the reasons why BBA programs in Hospital Management (JISU, NIT, JISCE, GNIT, GNIPST), Insurance & Risk Management (AEC), Digital Marketing (JISCE) programs have gained popularity in the current admission session.

Faculty Par Excellence

At the heart of the JIS Management programs lies its remarkable faculty, composed of renowned scholars, industry experts, and thought leaders. With a relentless focus on academic rigor, these distinguished professors bring a wealth of practical experience and cutting-edge research to the classroom. Students reap a multitude of benefits, including enhanced analytical proficiencies, advanced expertise in core business disciplines, heightened consciousness and sensitivity towards ethical dilemmas in the corporate sphere, a profound grasp of

international and cross-cultural dynamics, the ability to excel in collaborative settings, as well as the cultivation of leadership qualities, innovation, and entrepreneurship.

Forging Global Leaders

A range of specialized training sessions is designed to trigger student confidence in the corporate arena, enhance analytical skills, provide training in research methodology and statistical packages, offer behavioral training and personality grooming, develop soft skills for interviews, provide ERP training and on-the-job training, and facilitate employability skill development programs. The Training and Placement department of the JIS B-School is well-networked with pan-India recruiters and focuses on the employability skill development of the next-gen management aspirants. To stimulate the growth of entrepreneurship skills within the University, an annual innovative exhibition named SKILL-X, funded by AICT, is organized, where students from diverse fields engineer and submit innovation projects.

Accomplishments & Engagements

The Management department has undoubtedly made an indelible impression on the Indian Management Academic sphere. With over twenty-five erudite Doctoral Research students ardently engrossed in their diverse fields of inquiry, this department stands as a beacon of academic excellence. Notably, the enterprising members of the JIS Management programs have represented the institution with great distinction in the illustrious Indian Management Conclave at the esteemed IIM, while achieving remarkable laurels in the form of best paper

awards in internationally acclaimed seminars held at SMS Varanasi, Vidyasagar University, Jawaharlal Nehru University, IIT Kharagpur, IIT Madras, and IIM Ahmedabad, among others.

Industry-Institute Alliances, International Collaboration, and Experiential Learning

Through industry partnerships and collaborations, JIS B-School programs ensure that students gain practical insights and hands-on experience. Internships, industrial visits, and guest lectures by industry stalwarts are integral parts of the curriculum, offering students invaluable opportunities to apply their classroom knowledge in real-world scenarios. The institution has forged strategic alliances with leading universities and institutions worldwide, enabling students to benefit from exchange programs and study abroad opportunities. These collaborations foster cultural diversity, expand students' horizons, and equip them with the global competencies necessary to navigate a multicultural business environment.

The JIS B-School programs have set new standards in management education. With accreditation from prestigious organizations and a faculty comprised of distinguished scholars and industry experts, the institution provides a holistic educational experience. By offering specialized training sessions, fostering entrepreneurship skills, and facilitating industry collaborations and international alliances, JIS B-School prepares students to become competent global leaders.
