

state, the mantra that is being followed is, 'Reform-Perform-Transform'. Uttarakhand has the potential in diverse fields, and the same is being tapped so that it benefits the hardworking youth of the state seeking employment. To promote and develop a conducive ecosystem, investors and stakeholders have our support in all the endeavours and we are working for the state's development." -Pushkar Singh Dhami, Chief Minister, Uttarakhand

The construction of a developed India for the 21st century rests primarily on two pillars — pride in our heritage, and second, every possible effort that is being made towards development. Today, both these pillars are being strengthened by the state of Uttarakhand. This decade surely will be the decade of Uttarakhand." -Narendra Modi, Prime Minister

CATEGORY INCLUDED REGION

Category A

Entire districts of Pithoragrah, Uttarkashi, Chamoli, Champawat, Rudrapur and Bageshwar

Category B

- Entire district of Almora
- All hilly development blocks of district Pauri Garhwal, Tehri Garhwal. (Excluding regions under category B+)
- All hilly development blocks of district Nainital and Dehradun. (Excluding regions under category B+)

*Category B+

- Kotdwar, Sigaddi and adjoining plain regions of Dugadda development block of district Pauri Garhwal
- Dhalwala, Muni Ki Reti, Tapovan and adjoining plain regions of Fakot development block of District Tehri Garhwal
- Kotabagh development block of district Nainital
- Plain regions of Kalsi development block of district Dehradun

Category C

- Regions located above 650 mts from sea level in Raipur, Sahaspur, Vikasnagar and Doiwala development blocks of district Dehradun.
- Ramnagar and Haldwani development blocks of district Nainital.

Category D

- Entire districts of Haridwar and Udham Singh Nagar.

- Remaining area of district Dehradun and Nainital (which are not included in category B, B+ and C)

- For warehousing facility, 5,000 sq ft area with minimum investment of Rs 2.50 cr in hilly area and 10,000 sq ft area required in plain area with minimum investment of Rs 5 cr.
- 45,000 sq ft land required for truck terminal with minimum investment of Rs 5 cr. • Minimum area for cold storage 5,000 sq ft

Setting up of industrial areas

To promote the establishment of private industrial estates in hilly areas, a Special Integrated Industrial Promotion Policy was announced. This policy was proposed to encourage the private participation of the industrial sector..

In the special integrated industrial promotion policy announced for hilly and remote areas, on a total expenditure incurred on primary infrastructure facilities, like internal roads, drains, lighting etc, a provision of 50 per cent subsidy, up to Rs 50 lakh, was made. This has been done to promote the establishment of private industrial estates in hilly areas. In view of the expiry of the special industrial package approved by the Government of India, and the limited availability of land for industries in the integrated industrial estates developed by SIDCUL, private participation has been encouraged for the establishment of industrial estates/ areas. The main provisions of this policy are as follows:

- For the establishment of a private industrial estate, it is necessary to have at least 30 acres in the plain area, and at least 2 acres or more, in the hilly area.
- In the private sector, for the development of IT Park/ Biotechnology Park, it is necessary to have a minimum built-up area of 18,000 sqm, as per the prevailing building bye-laws of SIDA.
- For private industrial estate/ area, the investor/ promoter will arrange the land from his own resources.
- For the development of industrial estates/ areas, the SIDA/ unified building byelaws will have to be followed, and SIDA will act as the regulatory authority.
- It will be the responsibility of the promoter of the industrial estate to provide infrastructure facilities such as internal roads, drains, lighting, and other common facilities in such industrial estates.
- For the establishment of private industrial estates/ areas, the process of in-principle approval/ regulation will be of two stages. In the first phase, in-principle approval will be given for the establishment of the industrial estate. For the establishment in the second phase, as per the layout plan approved by SIDA on the acquired land, after submission of completion certificate, a formal notification will be issued.
- For the development of infrastructure facilities outside private industrial estates/ areas, an Infrastructure Development Fund will be created with a fund of Rs 100 crore. This fund will be operated by SIDCUL. In relation to the total capital investment made in the private industrial location, 2 per cent will be given for infrastructure facilities outside the location.
- Under this policy, capital subsidy at the rate of Rs 10 lakh per acre will be given in four phases against the capital investment made on the infrastructure facilities within the locality, and for the establishment of CETP in private industrial localities, fixed capital will be provided. Subsidy will be given up to 40 per cent of the investment, up to a maximum of Rs 1 crore.
- This policy will be applicable from the date of issue of notification and will be effective for the next five years.
