

# HIDE YOUR CREDIT SCORE

**10-15%**

**LENGTH OF  
CREDIT HISTORY**

This indicates how long you have been using a credit product, and the longer, the better. For lenders, a long credit history shows your ability to manage credit for longer

**10-15%**

**NEW CREDIT**

Each time you apply for a loan or a credit card, a 'hard inquiry' is done by the lending institution. Too many new applications or accounts may cause lenders to feel you are facing issues with managing cash flows

**5-10%**

**OTHER LOCAL FACTORS**

Other factors specific to your profile may also affect your credit score such as the total amount you owe via different credit products that you use, etc.
