Sebi's stringent BRSR Core sustainability reporting mandate looks to enhance transparency while compliance may be a challenge for many top listed companies BY **NIDHI SINGAL**

GREEN RULES

- ▶ ESG is a set of metrics used to evaluate a company's performance on environmental, social, and governance issues
- ▶ Sebi introduced a voluntary framework called Business Responsibility Report (BRR) in 2012
- ▶ In 2021, the BRR was broadened into the Business Responsibility and Sustainability Report (BRSR) framework, mandating the Top 1,000 listed companies to disclose ESG-related information
- ▶ In July 2023, Sebi announced BRSR Core for ESG disclosures that looks to enhance transparency and combat greenwashing, but increases the compliance burden
