BIG BATTLE NATIONAL FLAGS OF INDIA AND PAKISTAN DISPLAYED BEFORE THE START OF THE WORLD CUP MATCH BETWEEN THE TEAMS AT THE NARENDRA MODI STADIUM IN AHMEDABAD

▼
More than 2.48 million visitors/spectators are expected to be present in the stadiums during the tournament

▼
According to estimates, the event will release approximately 3.6 million tonnes of CO₂ equivalent

▼
Unlike events like the Olympics or FIFA World Cup, the carbon footprint of the cricket World Cup hasn't been calculated yet
