

#### SMART RINGS

₹8,999 onwards

*If you don't like wearing a smartwatch, get these smart rings instead; like smartwatches they can track your vitals*

## RING IN THE NEW

Not into smartwatches? Try smart rings instead. Indian makers of accessories have come up with smart rings that are easy to wear 24x7. The Luna Ring by Noise has advanced sensors and can track over 70 metrics. Priced at ₹14,999, it delivers three basic scores—sleep, readiness and activity—and provides actionable insights to transform the user's journey. If you're looking for something more affordable, get boAt's Smart Ring that costs ₹8,999. With a premium ceramic and metallic build, it also supports sophisticated touch controls for effortless navigation.

## PUMP UP THE VOLUME

For music aficionados, the new Sony WF-1000XM5 can be a fantastic gift. These tiny, comfy buds have a Dynamic Driver X unit for wide-frequency reproduction. As a result, they offer deeper bass, subtle but clear vocals, and every instrument can be heard distinctly. As for noise cancellation, Sony has incorporated two proprietary processors that cancel more external noise than ever before, along with dual feedback microphones, and innovative Noise Isolation Earbud Tips for a more stable fit. Additionally, there is real-time noise-cancelling, that can be tuned to deliver the optimum results for the setting one is in—be it on a plane, in a train or a car.

#### SONY WF-1000XM5

₹24,990

*This pair of buds offer stellar performance for music lovers and are great at noise cancellation*

#### SAMSUNG GALAXY WATCH 6 CLASSIC

₹36,999 onwards

*This watch combines the looks of a classic timepiece with the functionality of a smartwatch*

## The Good Times

Torn between buying a smartwatch or a classic timepiece? Think no more. With its stainless-steel frame and sapphire crystal front, the Samsung Galaxy Watch 6 Classic combines the looks of a classic timepiece with the functionality of a smartwatch. Its spinning bezel helps navigate through smart functionality—from accessing notifications to tracking a variety of activities. It is water resistant and has an infrared temperature sensor and sleep tracking. You can select a model with Bluetooth or one with 4G connectivity, and if you like bigger dials, choose between 43mm and 47mm.
