

LEADING SANJAY GHODAWAT GROUP'S ASCENSION TO THE SKIES

SHRENIK GHODAWAT
Managing Director, Sanjay Ghodawat Group

Founded in 1993, the Sanjay Ghodawat Group (SGG) has emerged as a prominent Indian business conglomerate with its presence in various high-value business verticals like Aviation, Consumer Products, Education, Energy, Mining, Realty, Retail and Textiles amongst the many.

Joining the family business at the age of 19, Shrenik brought on board his unique vision, management practices and global approach. With a Bachelor's degree in Business Management from the CMS, Bangalore, and a Masters in International Business from UBI, Belgium, his charismatic and dynamic approach has led SGG to greater success.

As the Managing Director at Ghodawat Consumer Ltd. (GCL), Shrenik spearheads the overall operations and strategic functions. In today's volatile economic environment, any entrepreneurial initiative faces a greater difficulty producing revenues from a company while simultaneously striving to gain client trust and keep the brand loyalty intact. Under his exemplary leadership, GCL aims to clock a revenue of INR 2,000 Cr+ by FY24. The company is profitable and has grown its revenue by 40% and profitability by 60% on a YOY basis. GCL aims to produce quality products that compel consumers to at least use one of their product throughout the day. With over 2,000 distributors reaching out to millions of customers across India, it seems like a real possibility.

Shrenik also conceptualized and founded the retail business under Ghodawat Retail Ltd in 2020. This startup - is making waves with 'Star Localmart' - carefully crafting a locally sourced and locally sold ecosystem. This initiative generates local opportunities such as employment, space for companies to exhibit their products and promotes local entrepreneurship. It has so far set-up more than 75 stores across Maharashtra and Karnataka.

**The Second generation of the
Ghodawat's is setting new Standards
for the Group, Venturing Into areas
that are defining a new India.**

Shrenik is the Founder & Director at Renom Energy Services Pvt. Ltd. (RENOM) which provides services of Operation and Maintenance to Renewable Energy Assets across India. Under his leadership, 'RENOM' has become India's largest independent service provider, with more than 2000 MW under comprehensive maintenance. He says, "I have inherited a dream, of a greener and peaceful India and a nation that is self-sufficient and carbon neutral. As a step towards realizing it, we as a group are already generating over 100 MW of electricity through renewable sources and play a substantial role in terms of being an infrastructure ancillary to this sector".

He is also the Director at Star Air, founded in 2019 and is now India's largest & most trusted Commercial Regional Airline. It has won the trust and hearts of thousands of people with its on-time, affordable, comfortable and world-class services. With a fleet of 9 aircrafts, it currently connects 19 destinations across India. Star Air was awarded Best Domestic Airline (RCS) by Wings India 2022.

Shrenik was felicitated as a "35 under 35" by Entrepreneur India, "Times 40 under 40" by The Times of India, "40 Most Influential Under 40 Indians" by Asia One, "Business Leadership Award 2021", "Young Business Tycoon 2021" by Times Group and "Food and Grocery Retail Icon 2022" by Images Group amongst many others.
