Government of Maharashtra has been pro-active in the sustainable development of thrust sectors and the 10th edition of MoU signing ceremony for Magnetic Maharashtra 2.0 which was held at Davos, has showed that it is on a right path as major part of the investment includes renewable energy sector. Maharashtra manage to attract the

investment from different countries, again showing its commitment towards economic development of the country and the state. Maharashtra delegation also signed an MoU with Byju's for introducing digital content in the state and municipal schools in Maharashtra.

Addressing Climate change and Sustainability

Meeting with Hon. MP, Shri Jay Galla, Chairman, Amar Raja Group, for development of efficient batteries for EV Ecosystem

Shri Aaditya Thackeray and Shri Nitin Raut with Minister of Climate Change & Environment, UAE Ms. Mariam Almheiri, to discuss about urgent requirement of climate action.

Meeting of Maharashtra delegation with Roche Diagnostics

Meeting with Shri Aditya Mittal, CEO, ArcelorMittal and discussed green steel technology and application

Maharashtra delegation held and participated in several bilateral meetings, discussions, and forums with Global business and political leaders, and experts, sharing the state's core objectives on green, renewable and sustainability focused development. State positioned itself as a leader nationally in India in the journey of sustainability and fight against climate change. Also, Maharashtra delegation signed MoU with GPAP and became first subnational member of GPAP (Global Plastic Action Partnership) to reduce plastic pollution and waste.
